THE KING'S MEN

At 7.30pm on Friday, 15 July 2022 All Saints' Parish Church, Bakewell will be lucky enough to welcome The King's Men, the close harmony group formed from the Choral Scholars of King's College, Cambridge.

As Choral Scholars they follow the daily routine of Chapel services throughout term time, as well as undertaking a busy concert and recording schedule during vacations.

The choir is best known for "*A Festival of Nine Lessons and Carols*" and "*Carols from Kings*," on BBC radio and television, respectively, each Christmas.

The King's Men, however, function separately from the main choir and is run entirely by current members of the group. The group sings regularly at various events throughout the year and lead master-classes, often aided by the King's College Organ Scholars, in which they coach young singers.

Each year, the group divides to tour the north and the south of England and this year we are privileged to have a number of their members perform in Bakewell for this very special concert

A Word from St Anne's

We are now in high Summer, and in the middle of the Wells Dressing season locally!

In Over Haddon we held our well dressing display during the last week of June. The theme of the main well was "bees and flowering plants" and for the children's well "solidarity with Ukraine."

The beautiful symbiotic relationship between bees and flowering plants lends itself easily to a colourful pattern made up mainly of flower petals, and emphasises how much we, as humans, rely upon this natural relationship in providing us, quite literally, with the fruits of the earth, as well as creating a beautiful countryside for our enjoyment. It also reminds us how important it is to live and work in harmony with our natural environment instead of needlessly and wilfully disrupting and destroying so much of it for short-term gain...

The smaller well reminds us that, whilst Britain and Ukraine are at opposite ends of the continent of Europe we share a common culture and love of freedom which should be cherished and maintained, whatever the cost...

The theme of "living in harmony with nature" will continue when we hold our Patronal Festival at St Anne's on the 24th of July. It will be different from previous festivals as it will be congregation-led, at the normal time of 10am, and will be followed by cakes, coffee and tea (and a sociable chat) seated on chairs outside the church overlooking Lathkill Dale (given reasonable weather!) so come and join us if you can and enjoy our beautiful surroundings, as well as our beautiful church, which will, of course, be decorated with Summer flowers.

which is to be held in aid of the Organ Restoration Fund.

Whatever your musical taste, The King's Men will be sure to please.

The organ in All Saints' church is an historically and musically important and impressive instrument. It was built by Brindley and Foster of Sheffield in 1883. It is one of the two largest three manual pipe organs in the Derby diocese and is of almost cathedral proportions. In recent years increasing difficulties have been encountered with its performance and it is now in need of considerable repair and restoration. The cost will exceed £150,000.

Tickets for the concert are £20, to include light refreshments during the interval, and are available from the website -

www.kingsmentickets.co.uk, the Medway Centre, the Little Vagabond bookshop (formerly Maxwells), or from Dot Bushen - 01629 814496 / 0775 2674719, 36, Wyedale Crescent, Bakewell, DE45 1BE or Joyce Glencross -01629 640134, 1, The Meadows, Grisedale Road, Great Longstone, DE45 1TP

Her two sons were kneeling in the garden with their hands together, and five-year-old Tommy was saying grace.

"What are you doing?" asked their mother. "You only say grace when you're having a meal."

Tommy pointed to his younger brother. "I know. He's just swallowed a worm."

Morning Praise - what is it?

Morning Praise is a totally lay-led service on the second Sunday of the month. It is by the congregation, for the congregation and it belongs to all of us. It is what the Church is being asked to do throughout the country and many are already doing it. It gives the opportunity to share in the Church of England's desire to develop lay ministry leadership in leading worship.

It is being planned each month by a small lay group who are doing their best to make it a more informal service whilst keeping it demonstrably Anglican. Every one of our congregation is more than welcome to play some part in it. No need to worry about not doing it perfectly, there are bound to be hiccups until we all become more confident.

Feedback will be needed. If we get things wrong, we need to know. We'd like to know when we get them right too! And we do know that you can't please all of the people all of the time. We are hoping that this service might make Church more accessible to people new to church life. The form of service will be the familiar Morning Prayer with room for a talk and perhaps something different each month. Any ideas will be welcomed and talked through.

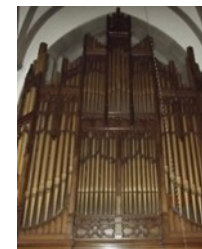

A lay-lead service might take a bit of getting used to but it the way the Church has to go. It is just one more way of pointing people to God, and if we are the Christian people we say we are we will help that to happen. I am offering oversight and co-ordination and the clergy are offering resources and support.

Put Morning Praise in your prayers and come along and join in.
